Space Assignment for General Counsel

Reference: Memo for Deputy Director from ADSO on above subject dated 18 Nov. 1948

It has been determined that in the interest of adequate control and efficiency of the operations of the General Counsel's office, the personnel of that office will be consolidated in the Administration Building upon the move of the Director's office to that building. It will, therefore, be unnecessary to provide space for any portion of the General Counsel's office in Temporary "L" Building.
